

# BROWNS STOCK FEED PTY. LTD.

## BRONZE PELLET

**Browns Bronze Dairy Pellet** is a milker ration containing 12% Crude Protein and 13 MJ Metabolisable Energy. This ration is suitable to feed 3-6kg/head/day when energy is limiting milk production. This pellet is a complete feed containing an ideal blend of energy and protein contributing feed sources and adequately blended with rumen buffers, macro & trace minerals, lime, salt and vitamins.

**Browns Bronze Dairy Pellet contains Acid Buf™ which helps to stabilise the rumen PH aiding in the prevention of rumen acidosis. Extra additives and medications can be added on your request) eg; Rumensin, Eskalin.)**

### Always Ensure:

- Fresh and clean water at all times
- Wet pellet removed and discarded
