

GRAIN FREE PELLET - SHEEP

Browns Grain Free Pellet Sheep is a no fuss supplement for sheep. Designed for optimal weight gain and feed conversion.

Features	Benefits
Start growth earlier	Sheep start gaining from day 1
Complete feed	Flows well from lick or self-feeders.
Fast weight gain	Stays suspended in T.M.R

Always Ensure:

- Fresh and clean water at all times
- Wet pellets removed and discarded

Feeding instructions:

Best result from restricted intakes 0.25 – 0.75 kg for 7 – 11 days, allowing rumen bacteria to adjust (adaptation period) access to ad-lib fibre for this period is essential, as with any introduction specific rumen bacteria need to be generated. At no stage should this product be fed adlib, without using a restricted access grain feeder.

Intake:

Once adaptation period has finished fibre (hay/straw) can be restricted but always available to contend with shy feeders or inclement weather. Expect 2.8 – 3.5 % of bodyweight.

Animal Health:

5:1 Booster Vitamin A, D & E injectable – Cobalt & Selenium Injectable

Ingredients From:

PKM, Oat Hulls, Pea Pollard, Faba Bean Meal, Canola Meal, Lime, Magnesium Oxide, Bentonite, Urea & Molafos Gold

NUTRIENT	AMOUNT
Moisture	10%
