

BROWNS STOCKFEED PTY. LTD.

NICKEL PELLETT

Browns Nickel Dairy Pellet supplies a balanced blend of cereals and legumes, ideal to be fed all year round, to all classes of livestock, dairy, beef, sheep and goats. The amino acid profile enables this pellet to perform above nutrient specification.

Browns Micro Macro with vitamins can be added at customer's request to Browns Nickel Dairy Pellet to further enhance livestock performance.

Browns Nickel Dairy Pellet is a direct replacement for Unprocessed Cereal Grains - Barley and Triticale. The steaming process results in gelatinization of starch enhancing digestibility and nutrient uptake.

Browns Nickel Dairy Pellet is designed to be fed from 1 to 4 kilos depending on the class of livestock.

Always Ensure:

- Wet pellets are removed and discarded
- fresh clean water provided at all times
- Adequate shelter is available

Ingredients From:

Wheat, Barley, Oats/Groats, Pea Pollard, Yellow Split Peas, Oat Bran, Oat Hulls, Molasses, Lime & Bentonite.

NUTRIENT	AMOUNT
