

Bronze Pellets

Browns Bronze Dairy Pellet is a milker ration containing a minimum 12.5% Crude Protein and 12.5 MJ of Energy. This ration is suitable to feed 3-6 kg/head/day when energy is limiting milk production.

Browns Bronze Dairy Pellet contains rumen buffers which helps to stabilise the rumen PH aiding in the prevention of acidosis. Extra additives and medications can be added on your request (Eg. Rumesin, Eskalin.)

This Pellet is blended with rumen buffers, macro & trace minerals, lime, salt & vitamins.

NUTRIENT	AMOUNT
Crude Protein (Min)	12.5%
Metabolizable Energy (ME)	12.5
Starch (Min)	52%
Crude Fibre (Max)	16%
Crude Fat (Max)	3%
Salt (Max)	1%
